

**Jackson-Madison County Schools  
Percentage of Items Fully Met on Current Assessments  
Data Collected Jan. 29, 2016**

This graph compares the total number of assessment items fully implemented (marked as a "3") on the most recent School Health Index assessment by module or topic compared with how these same modules have been assessed within state and nation. Note that a school does not need to be fully meeting in all assessment items to be eligible for a Healthy Schools Award. Nutrition and Physical Activity topics refer to the collective assessment questions pertaining to the specific topics. Also, there are several questions that "cross-cut" among several modules related to nutrition and physical activity. The last two graphs display how your district answers these questions compared with the state and nationally.

**Jackson-Madison County Schools  
Action Plan Item Selection Rate  
Data Collected Jan. 29, 2016**

This graph compares the total number of action items selected and in progress by module or topic compared to the total number of action items for all schools with an action plan by module or topic within the state or nation.
